D The Central Intelligence Agency (CIA) now has four Deputy Directors under Allen Dulles. They are: General Charles Cabell, Frank Wisner, Robert Amory and L. K. White. These, of course, are the top positions immediately under the Director of CIA.

D For your information, CIA now has an additional Deputy Director who is responsible for the coordination of intelligence activities with other agencies. This new office is headed by General Lucien Truscott. *Truscott*

The new office will primarily be concerned with coordinating foreign intelligence activities with the military agencies and State Department. It does not appear that the Bureau will have frequent contact with Truscott, although he does participate in meetings of the Intelligence Advisory Committee (IAC) which we attend. *Papich*

ACTION:

None. For your information.
